

## GIVE INPUT

A change in Vermont Law means that personal health information for you and your family will be widely available to healthcare providers through Vermont Health Information Exchange ("the VHIE").

## GET PAID

We know your time is valuable. Light refreshments will be served to help you power through the discussion, and you'll receive a stipend of \$25.00 for your valuable participation.

# COME TO THE PARENT FOCUS GROUP

**AUGUST 14TH—4:30 TO 6:00**

600 Blair Park Rd, Suite 240, Williston

The DEPARTMENT OF VERMONT HEALTH ACCESS wants you to help them communicate effectively about the Vermont Health Information Exchange (VHIE) and your privacy rights. A representative will explain the benefits of exchanging health records and find out what you, as a parent expert, want your child's doctor to know.

## RSVP SOON

We know we can count on you. Contact us and say you're coming:
