

Free Masks and Sanitizer

for Vermonters with disabilities

The **Vermont Developmental Disabilities Council (VTDDC)** knows how important it is for you to stay healthy. That's why we packed 1,300 individual care bags to give away to adults with disabilities.

What's in the bag?

Every bag has 2 masks, 1 bottle of hand sanitizer, and a helpful guide about the coronavirus.

How do I get one?

Our free care bags can be picked-up all over the State, but supplies are limited and it's first-come first-serve. There are no holds and only one bag per person. Care bags will be made available in collaboration with Your Designated Agency and the [Green Mountain Self-Advocates](#).

Visit our website (ddc.vermont.gov/freePPE) or like our [Facebook page](#) to learn exact details.

Can't find a nearby pick-up point?

VTDDC is here to help. Contact us at:
