Federal Fiscal Year 2018

1. SEEDS Grant Application Form
2. VTDDC Five-Year State Plan Goals and Objectives
3. State of Vermont Grant Agreement Attachment C: State Customary Provisions for Contracts (revised: 9/1/2015)
4. State of Vermont Grant Agreement Attachment F: AHS Customary Contract Provisions (revised: 12/31/2016)
5. State of Vermont Grant Agreement Attachment E: Business Associate Agreement (revised: 7/7/2017)

Please note: Attachment E is not required in a grant agreement unless the grantee will have access to protected health information as a result of grant activities.

Goals and Objectives

Amended September 28, 2017

Every five years the Vermont Developmental Disabilities Council engages in a review of the needs of people with developmental disabilities in our state. From this, the Council builds a new Five-Year State Plan that will guide how the Council uses its resources -- including VTDDC's annual allocation of federal funds -- to improve the lives of people with developmental disabilities.

Goal 1: VTDDC will reduce barriers to competitive employment, inclusive education, and effective health care services for people with developmental disabilities in two (2) underserved Vermont communities characterized by significant economic poverty.

Objective 1.1

- In collaboration with partner organizations, work to bring health outcomes for people with developmental disabilities closer to those of people without developmental disabilities in an underserved Vermont community.

Objective 1.2

- Promote the use of available funding and programs for competitive employment for Vermonters with developmental disabilities living in underserved Vermont communities.

Objective 1.3

- Support initiatives that position Vermont as a leader in developing and expanding entrepreneurial opportunities and innovative approaches to job training for people with developmental disabilities, especially those living in underserved Vermont communities.

Objective 1.4

- Promote peer-to-peer training and support, including supported decision making, as a highly valued part of person-and- family-centered care planning for people with developmental disabilities, especially those living in underserved Vermont communities.

Objective 1.5

- Support families advocating for best practices in special education services for their child, including improving access to legal services, in underserved Vermont communities.

Goal 2: VTDDC will nurture and support a powerful movement of self-advocates and family members prepared to advocate for policies, programs, and funding that realize the vision of the Federal Developmental Disabilities Assistance and Bill of Rights Act of 2000 [42 USC 15,001 et seq (2000)].

Objective 2.1

- Identify and collect information about Vermonters who have a developmental disability, including those who meet the federal definition of “developmental disability” [42 U.S. Code §15002(8)] but who do not meet the State of Vermont definition of “developmental disability” for the purposes of receiving home and community based supports (HCBS) [18 V.S.A. §8722(2)].

Objective 2.2

- In collaboration with VTDDC’s Network Partners – Disability Rights Vermont and the UVM Center for Disability and Community Inclusion -- conduct multiple leadership training opportunities where self-advocates and family members come together to learn how to model and advocate for inclusion, self-determination, productivity, and independence.

Objective 2.3

- Engage self-advocates and family members through the dissemination of information and alerts; through soliciting their input about the issues impacting their lives; and through assisting them in practicing advocacy skills, including at the local and regional level.

Objective 2.4

- Build a repository of stories from self-advocates and family members in multiple formats (audio, video, or written) that can be used as advocacy and training tools.

GOAL 3: VTDDC will vigorously seek changes in Vermont’s many service systems so that Vermonters with developmental disabilities – including those who are currently not identified as having a developmental disability under Vermont law [18 V.S.A. §8722(2)] – and their family members have greater and more equitable access to supports that foster the four values in the Federal Developmental Disabilities Assistance and Bill of Rights Act of 2000: community inclusion, self-determination, productivity, and independence.

Objective 3.1

- Through a public awareness campaign, disseminate information widely about the prevalence, accomplishments, stories, and needs of the estimated 86,000 Vermonters with developmental disabilities, including those who do not qualify for home and community based services (HCBS) through the state Developmental Services System of Care.

Objective 3.2

- Advocate that the Developmental Services System of Care place greater emphasis on pro-actively supporting individuals rather than reacting to crises, and expand the percentage of eligible individuals who receive home and community based services (HCBS).

Objective 3.3

- Promote access to existing care coordination services through provider training, appropriate accommodations, and targeted outreach for people with developmental disabilities.

Objective 3.4

- In collaboration with VTDDC’s Network Partner, Disability Rights Vermont, which is Vermont’s the Protection and Advocacy Agency, advocate that the Choices for Care program offer the same services and supports to people 18 to 64 years of age as the Developmental Services program offers to people with developmental disabilities, including supported employment.

Objective 3.5

- Advocate to expand family support funding, including funding for respite.
